

Glockenspiel: Sonor

PEGL130
NG-30 19 notes

PEGL110
NG-10 11 notes

PEGL100
Mouse 8 notes

The typical characteristic of a Glockenspiel for kids is a special design with rounded edges and beautifully shaped holders for the strikers. Its sound is pure, perfectly suitable children's and adults' ears alike.

A Glockenspiel is a very popular and easy to learn instrument for kids. It offers the chance to quickly become familiar with notes and play simple melodies. Even very little children are enthusiastic about the bell-like melodious tones and don't hesitate to play as soon as they get a striker in their hand.

These models are tuned in C major with a range of 1.5 octaves.

GS: low budget instrument for beginners, coloured plates on a plastic frame

NG-10: extra plates for F# and Bb, red sound plates on a wooden frame

NG-30: as above but with a second row for halfnotes

Mouse: have more fun with the mouse, coloured plates on wood, 1 octave
