## **Energy Chimes**

PEEC100 Energy Chime C4
PEEC200 Energy Chime C5
PEEC300 Energy Chime F4
PEEC400 Energy Chime G4

These chimes fascinate the listener with their pure and long lasting tones with clearly audible vibrations. A gentle stroke with the wooden striker is enough to create a clear sound.

In practice they stand the test in kindergartens or classrooms where attentive listening quickly leads silence. People love to use it as a Tuning Fork as well.

The most common types are tuned in E', A'and A''. Other tones are available on request.
