

# Frog Family

PEFR100	Baby
PEFR110	Little Brother
PEFR120	Big Brother
PEFR130	Mum
PEFR140	Dad
PEFR150	Grandfather

Frog concerts, just like in the wild! Best to invite the whole family: the mighty grandfather with his impressive 50cm in length and 30cm in height. Followed by mum and dad and a bunch of kids. Even baby frog has a convincingly natural voice.

How to make them croak? Pass the thicker end of the striker gently over the back, preferably upwards from below.

A special effect: use the frog like a clave and strike it rhythmically on the head. Don't worry – he won't complain. Mostly the larger models have a sonorous sound.

You'll love these frogs, carefully handcrafted in India. Natural look with fine wooden structure.

Striker included
